SAN FRANCISCO BAY 40"

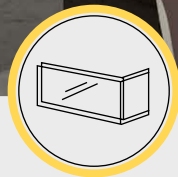

QUALITY PRODUCT WITH FUNCTION AND BEAUTY

With over 35 years of innovation and quality, Regency designers are introducing the most cutting edge contemporary design.

UNLIMITED FINISHING OPTIONS

The clean face design does not require frames or faceplates so you can enjoy the look of a modern clear view fire.

SEAMLESS GLASS SAFETY BARRIER

The double layered glass safety barrier allows air to flow naturally between the two layers of glass maintaining a low enough temperature to comply with industry standards. *(Patent Pending)*

COOL TOUCH WALL TECHNOLOGY

Maintain a cool wall around your fireplace to accommodate any finishing application such as wallpaper, fabric and even wood! *(Patent Pending)*

New York View 40 shown with volcanic stones & reflective black glass interior panels.

New York View

AVAILABLE IN SIZES 40" & 72"

The front facing linear fireplace can be strikingly integrated into any room.

New York View 72 shown with black reflective crystals, crushed coal black glass & reflective black enamel interior panels.

Infinite
Combinations.

Design Freedom.

New York View 72 shown with black reflective crystals, crushed coal black glass & reflective black enamel interior panels.

Chicago Right Corner 40 shown with black reflective crystals, crushed coal black glass & reflective enamel panels.

Chicago Corner

AVAILABLE AS LEFT OR RIGHT CORNER IN SIZE 40"

The 2-sided corner fireplace allows you to have design flexibility from any side of the room.

Sonoma Oak

Vintage Oak

White Leather

COMBUSTIBLE FRAMING TO GLASS. NO RESTRICTIONS.

Maintain a cool wall specifically designed to accommodate custom finishes right to the edge of your fireplace! Regency's patent pending system allows the wall to release the excess heat from the chase to maintain a lower heat temperature.

ADVANTAGES

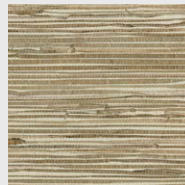

- Place a TV above the fireplace without the screen cracking or electrical components getting damaged
- Hang artwork without fear of discoloration or warping
- Unlimited finishing options right to the edge, even wood or wallpaper
- Paint will not peel or change color
- Save on expensive installation costs
- No fans or power-vents required to keep the wall cool

BUILD YOUR OWN CUSTOM FIREPLACE

The Regency City Series gives you the freedom to install into a wood frame or choose from one of our telescoping steel framing kits. The Regency engineered steel framing kits give you the ease of installation while still enabling you to be the designer.
